aylor & Branton to Erect a \$50,000 Plant.

### STRICTLY UP TO DATE

WILL HAVE CAPACITY OF THIR-TY TONS PER HOUR.

neger James W. Nelli, went down to

where James W. Neill, went down to e the work commercial.

When seen at the Kautsford last sening, Mr. Brunton said they prosed to make the new mill one of the rest in the western country. The one for the foundations has all aryed; timber and lumber for the illulings, platforms, etc., is being used in as fast as possible, and if no learn occur in getting in the machinisms. ery the new plant will be ready to put in communicion inside of four months. The gentleman said he was unprepared off-hand, to give the exact dimensions of the buildings, but every feature find been worked out to a dicety and the buildings, boreased inschase facilities, etc., would be ample to affect the new mill to handle at soat thirty tens of ore per hour. The mill is designed to work automatically, and under the direction of Alexander Sutherland, the constructing engineer. Who is one of the best known mill-wrights on the coast, the plant when inhibed will probably be the finest in the entire wostern country.

As the present sampler has a capacity

to entire western country.

As the present sampler has a capacity twenty tons an hour, Taylor, & Brunn will be prepared, on the completion of the new one, to handle alf of 0 tons of our every day of ten hours. Asked as to where the ore was compared to the prepared of th

sus Property.

5. N. Hein, general manager of the session with the company was always marked by more than ordinary propositions in session about the four terms of the Mammoth, and his session with the company was always marked by more than ordinary propertity. It was Mr. Neshit who districted for the hold smelter.

### From Mrs. Gunter to Mrs. Pinkham.

"One year ago last June three doc tors gave me up to die, and as I had at lifferent times used your Vegetable compound with good results, I had too nuch faith in it to die until I had tried t again. I was apparently an invalid, was confined to my bed for ten weeks.

womb).
"After taking four bottles or the Compound and using some of the Liver Pills and Sanative Wash, at the end of two months I had greatly improved and weighed 155 pounds, when I never before weighed over 138. Lydia E. Pinkham's Vegetable Compound is the best medicine I ever used, and I recommend it to all my friends."-MRS. ANNA EVA GUNTER, HIGGINSVILLE, MO.

Mrs. Barnhart Enjoys Life Once More. "DEAR MRS. PINKHAM-I had been sick ever since my marriage, seven cears ago; have given birth to four shildren, and had two miscarriages. I and falling of womb, leucorrhoa, valus n back and legs; dyspepsia and a nervous trembling of the stomach. Now I have none of these troubles and can enjoy my life. Your medicine has worked wonders for me."—Mas. S. BARNHART, NEW CASTLE, PA.

in the way of drifting, both north and south on the vein at the 200, are being extracted.

### BLACKBIRD PROPERTIES.

New Hoist to Be Put Up At Dr. Franklin's Idaho Mines.

Franklin's Idaho Mines.

(Salmon City (Ida.) Recorder.)

The Blackbird Copper-Gold Mining company has ordered the machinery for the holst on the Brown Bear. The wagon road will be completed between the 5th and 10th of the present month, so that this machinery can be taken in. They have let a contract for 40,000 to 50,000 feet of lumber for the holst house and other buildings, and active operations, will be commenced at once. During the past week a large amount of money has been paid out by this company on the different properties bonded. The following fortunate owners all received cash, but just what amounts we were unable to learn, the aggregate amount being, however, large: Dr. F. S. Wright, A. H. Ford, J. C. Fox, A. J. Brown, Charlie Schultz, Dennis Coughlin, W. I. Wilson, Arthur Ludwie and J. L. Morgan on the Blackbird property, and Bert Bascom on the Big Deer creek property. This amount of money pald out here has made our town quite lively for the past week. This company also hold options on a number of other claims in that vicinity.

The Blackbird properties are being promoted by Dr. P. A. H. Franklin, and the payments noted above were made on his recent trip to the ground.

### Ore and Bullion.

Ore and bullion settlements in this ity yesterday amounted to \$71,000, as

McCornick & Co., ores, \$15,300, T. R. Jones & Co., ores, \$26,100; builton, \$10,700. nberger & McMillan, ores, \$18,900.

### Metal Market.

Silver, 58% per ounce. Lead, \$4.40 per 100 pounds. Copper, 17c per pound.

### Mining Notes.

The Grand Central marketed five cars fore yesterday. The Petro was in the market with four ars of ore yesterday.

cars of ore vesterday.

Jack Quinn was settling for another batch of Daly ore yesterday.

William Hatfield attended the Grand Central meeting in Proyou yesterday.

Harves J. Jones of the Conkling sampling works was in Stockton yesterday on mining business.

Dr. J. M. Bailey, the Deep Creek mining man and discoverer of the Queen of Sheba mine, will spend the winter in California. The Taylor-Brunton sampling works received live cars of ore from Tintic, one from Firsto and one from Stockton yesterday.

Brunton Jarvis of St. George is in the

Brigham Jarvis of St. George is in the city on business. He is interested in sev-eral meritorious mining propositions in northern Arizona.

J. A. Swapp of Tropic, Garfield county, is in the city. He is developing some promising copper claims in that vicinity and is also interested in the Copper Mountain mine in northern Mejave county, Articona.

C. W. Wilson came up from the South Drugon at Tinric yesterday, upon which development work was started a short time ago. He is very enthusiastic over the property and declares it is bound to secome a big mine.

the property and declares it is bound to become a big mine.

The Joe Bowers Extension Mining company held a delinquent sale of stock yesterday. The late assessment was paid up on all but about 2000 shares of atock. That amount was sold, bringing about the prevaling market price.

W. D. Bogan came in from Wost Tintle prevaling market price.

W. D. Bogan came in from Wost Tintle presenday and will leave for Park City today. Mr. Bogan says he hopes to have something good to report from his West Tintle property in the near future, but right now, he says, there is nothing to tell.

W. M. Curits, superintendent of the Massachusetts mine at Park City, was circulating among his numerous friends here yesterday, having some down from the Park the night previous. Mr. Curits recorts work at the mine going steadily forward. He will go back again today or tometrew.

Charica E. Loring, who, with his brother.

Mammoth Continued On the Rise Sign and Reached \$3.31.

J. E. JENNINGS A BUYER

SUPPOSED HE IS DOING IT FOR

INSIDERS.

Dexter Continued Strong and Showed Some Perceptible Gains During Yesterday's Call - Four Aces Opened In Good Condition and Weakened.

The sales of mining stocks yesterday were not so heavy as they were during the previous call. The upward movement in Mammoth was continued. Bidment in Mammoth was continued. Bidding was spirited and prices gradually rose from \$3.25 a share to \$3.21. James E. Jernings has been actively in search of the stock for several days, and it is generally believed that he is interested in the movement, not only for himself, but also for others closely connected with the management of the mine.

mine.

Dexter opened strong and followed in the path of Mammoth to higher prices. Brokers were eager for the stock and opened the bidding at \$2.54. At the close they were offering 4 cents more. Four Aces opened at 25½ cents, but weakened later on. Mercur was slightly off, and Star Consolidated took a tumble, being offered at 40 cents at the close. Bunker Hill remained in good condition, but Ben Butler was inclined to be weaker.

Ontario was offered at \$9.70. Bids of \$9 were registered, but those making

Ontario was offered at \$9.70. Bids of \$9 were registered, but those making them falled to bring out any of the stock. The closing quotations were as fol-
